

A field trip with a follow up individual report should be organised during the scholastic year with special reference to topics covered in this syllabus. The report should be between 800 and 1000 words long and should include evidence of geographical skills such as collection of data, well-annotated illustrations, graphs and maps. The aims, methods and conclusions of the report should be stated and developed in the text.

The report will carry 10 marks in the Annual Examination. Criteria for assessment are as follows:

Clear definition of aims and objectives	2 marks
Observation and data collection	2 marks
Development and analysis	2 marks
Conclusions	2 marks
Data refining and presentation including cartographic, graphic and diagramatic	2 marks
